TECHNICAL SKILLS

Programming Languages: Python, C++, JavaScript, TypeScript

Frontend Development: HTML, CSS, React.js, Next.js, Tailwind CSS, Bootstrap

Backend: Node.js, Express.js

Databases: MongoDB, MySQL, SQL

API & Tools: Postman, REST APIs

Version Control: Git, GitHub

Concepts: REST APIs, CRUD, OOPs

PROJECT

EasyERP (SIH Winner Project)

[GitHub](#) - [Live link](#)

- Architected a low-cost, serverless ERP system using Next.js, Google Sheets as a database, and Google Apps Script, minimizing deployment and maintenance overhead.
- Integrated Google Workspace tools to automate workflows, streamlining operations and reducing manual effort.
- Built core ERP modules including admissions, library management, hostel allocation, accounts, and faculty systems with automated workflows.
- Implemented advanced features such as multilingual support (English & Hindi), and inter-institution resource sharing
- Designed and developed an automated library module where students can issue books via a web app; generates a time-bound code (valid for 24 hours) for pickup, with First-Come-First-Serve (FCFS) handling of multiple requests.

JobScout – Job Aggregation Platform

[GitHub](#)

- Built a full-stack job aggregation platform using Next.js and MongoDB to unify job listings from multiple job portals into a single searchable dashboard.
- Implemented automated job data collection using REST APIs and web scraping with Playwright and Cheerio for India-based job portals.
- Designed intelligent features including resume-job matching, skill highlighting, and trending job analytics.
- Integrated cron-based scheduling, data normalization, and duplicate removal to ensure fresh and accurate job listings.

Cognitia AI – Smart Conversational Platform

[GitHub](#) - [Live link](#)

- Built an AI chatbot web app with Next.js and React for multi-chat conversations.
- Created backend APIs for chat create, fetch, rename, delete, and AI replies.
- Integrates MongoDB for secure and scalable chat data storage.
- Focuses on a clean, responsive, and user-friendly design.

EXPERIENCE

Internship Trainee – Rays IT & Design Ltd

June 25 – July 25

- Trained in full stack web development.
- Built responsive web pages and CRUD applications.
- Worked with frontend, backend and database integration.

ACHIEVEMENTS

- Secured **1st position in Smart India Hackathon 2025**, outperforming 500+ teams in a problem statement presented by the Government of Rajasthan.
- Ranked among the **Top 6 teams in the NTPC Electron Quiz**, demonstrating strong knowledge in business and management concept
- **1st Runner-Up, Odoo x Parul University Hackathon 2026** – Ranked **#2 out of 400+ teams** with **Café Odoo**, a scalable real-time POS & KDS solution.

EDUCATION

Government Engineering College Bilaspur

B.Tech CSE - CGPA 8.15

Bilaspur, C. G.

Oct. 2022 - Sept. 2026

D.A.V. Public School S.E.C.L. Chhal

Class X - 90.0% ; XII - 92.6%

Raigarh, C.G.

2020 - 2022
